

IST INTECH
UV LED CURING SPECIALISTS

INTRODUCING THE

AC850

No heat, No mercury, No ozone, means a safe and fast curing system to increase production efficiency. A handheld UV LED unit which at 850 mW/cm² offers an unrivalled curing performance.

- High Optical Output
- Low Energy Consumption
- Lightweight and Portable
- Self-contained and Compact
- Robust Construction
- Green Technology

HANDHELD UV LED UNIT OFFERING UNRIVALLED CURING PERFORMANCE

POWER

850mW/cm²

WINDOW

110mm x 110mm

WAVELENGTH

405nm, 395nm,
385nm, 365nm

DIMENSIONS

200mm x 163mm
x 155mm

WEIGHT

2500g
